GENERAL PROXY MATERIALS

FOR THE ANNUAL GENERAL AND SPECIAL MEETING OF SHAREHOLDERS OF STRATABOUND MINERALS CORP. FOR THE FINANCIAL YEAR ENDING DECEMBER 31, 2018 TO BE HELD ON MAY 21, 2019.

Solicitation of Proxies

This Information Circular is furnished in connection with the solicitation of proxies by the Board for use at the Meeting and at any adjournment(s) thereof, for the purposes set forth in the accompanying Notice of Meeting.

Appointment and Revocation of Proxies

Instruments of proxy must be addressed to the Secretary of the Corporation and reach Computershare Trust Company of Canada not later than 48 hours before the time for the holding of the Meeting or any adjournment(s) thereof. Only Shareholders of the Corporation at the close of business on the Record Date are entitled to receive notice of and to vote at the Meeting unless after that date a Shareholder of record transfers its Shares and the transferee, upon producing properly endorsed certificates evidencing such Shares or otherwise establishing that he owns such Shares, demands at least 10 days prior to the Meeting that the transferee's name be included in the list of Shareholders entitled to vote, in which case, such transferee is entitled to vote such Shares at the Meeting. The Chairman of the Meeting has the authority to accept or refuse late or incomplete proxies in his sole and unfettered discretion.

An instrument of proxy shall be in writing and shall be executed by the Shareholder or his attorney authorized in writing or, if the Shareholder is a Corporation, under its corporate seal or by an officer or attorney thereof duly authorized.

The persons named in the enclosed form of proxy are officers of the Corporation. A Shareholder is entitled to appoint a person to attend the Meeting as the Shareholder's representative (who need not be a Shareholder of the Corporation) other than the persons designated in the form of proxy furnished by the Corporation. To exercise such right, the names of the persons designated by management should be crossed out and the name of the Shareholder's appointee should be legibly printed in the blank space required.

A proxy is revocable. The giving of a proxy will not affect a Shareholder's right to attend and vote in person at the Meeting. In addition to revocation in any other manner permitted by law, a Shareholder may revoke a proxy by instrument in writing executed by the Shareholder or such Shareholder's attorney authorized in writing, or, if the Shareholder is a corporation, under its corporate seal or by an officer or attorney thereof, duly authorized, and deposited at the registered office of the Corporation, at any time up to and including

the last business day preceding the day of the Meeting, or any adjournment(s) thereof at which the proxy is to be used, or with the Chairman of the Meeting on the day of the Meeting, or any adjournment(s) thereof.

Persons Making the Solicitation

The solicitation is made on behalf of management of the Corporation. The costs incurred in the preparation and mailing of the form of proxy, the Notice of Meeting and this Information Circular will be paid by the Corporation. In addition to the mailing of these materials, proxies may be solicited by personal interviews or telephone by Directors and officers of the Corporation, who will not be remunerated therefor.

Exercise of Discretion by Proxy

The Shares represented by proxy in favour of management nominees shall be voted on any ballot at the Meeting and where the Shareholder specifies the choice with respect to any matter to be acted upon, the Shares shall be voted on any ballot in accordance with the specification so made.

In the absence of such specification, Shares will be voted in favour of the proposed resolution. The person appointed under the form of proxy furnished by the Corporation is conferred with discretionary authority with respect to amendments or variations of those matters specified in the form of proxy and Notice of Meeting. At the time of mailing of this Information Circular, management of the Corporation knows of no such amendment, variation or other matter.

Voting of Shares – Advice to Beneficial Holders of Securities

The information set forth in this section is of significant importance to many Shareholders as a substantial number of the Shareholders hold their Shares through intermediaries such as brokers and their agents or nominees and not in their own name. Shareholders who do not hold their Shares in their own name (referred to in this Information Circular as "Beneficial Shareholders") should note that only proxies deposited by Shareholders whose names appear on the records of the Corporation as the registered holders of the Shares can be recognized and acted upon at the Meeting. If Shares are listed in an account statement provided to a Shareholder by a broker, then in almost all cases those Shares will not be registered under the name of the Shareholder on the records of the Corporation. Such Shares will more likely be registered under the name of the Shareholder's broker or an agent or nominee of that broker. Shares held by brokers or their agents or nominees can only be voted for, or withheld from voting, or voted against any resolution upon the instructions of the Beneficial Shareholder. Without specific instructions, brokers their agents or nominees are prohibited from voting Shares for their clients.

Applicable regulatory policy requires intermediaries and brokers to seek voting instructions from non-objecting Beneficial Shareholders in advance of shareholders' meetings. Every intermediary and broker has its own mailing procedures and provides its own return instructions, which should be carefully followed by Beneficial Shareholders in order to ensure that their Shares are voted at the Meeting. Often, the form of proxy supplied to a Beneficial Shareholder by its broker (or agent or nominee thereof) is identical to the form of the proxy provided to registered Shareholders; however, its purpose is limited to instructing the registered Shareholder how to vote on behalf of the Beneficial Shareholder. **A Beneficial Shareholder receiving a proxy from an intermediary cannot use that proxy to vote Shares directly at the Meeting, rather the proxy must be returned to the intermediary well in advance of the Meeting in order to have the Shares voted. A Beneficial Shareholder may however request the intermediary to appoint the Beneficial Shareholder as a nominee of it as a proxy holder. A Beneficial Shareholder should contact the intermediary, broker or agents and nominees thereof, should it have any questions respecting the voting of the Shares.**

The management of the Corporation does not intend to pay for intermediaries and brokers to forward the proxy-related materials to Objecting Beneficial Owners. An "Objecting Beneficial Owner" is a Beneficial Owner who objects to their intermediary disclosing their name, contact information and securities holdings. An Objecting Beneficial Owner will not receive the proxy-related materials unless the Objecting Beneficial Owner's intermediary assumes the cost of delivery.

EXECUTIVE COMPENSATION DISCLOSURE

Compensation Discussion and Analysis

1. Introduction

The purpose of this Compensation Discussion and Analysis is to provide information about the Corporation's philosophy, objectives and processes regarding compensation for the Named Executive Officers. It explains how decisions regarding executive compensation are made by the independent Directors of the Board and the reasoning behind these decisions.

For the period ending December 31, 2018, the Corporation had the following Named Executive Officers:

R. Kim Tyler ⁽¹⁾	President & Chief Executive Officer
Terrence Byberg ⁽²⁾	Executive Vice President / President & Chief Executive Officer
Michael Page ⁽³⁾	Interim Chief Executive Officer / VP Exploration
Richard Meschke ⁽⁴⁾	Chief Financial Officer

Notes:

- (1) R. Kim Tyler was appointed President & Chief Executive Officer on October 23, 2017.
- (2) Terrence Byberg was appointed President & Chief Executive Officer on May 17, 2016 and became Executive Vice President on October 23, 2017.
- (3) Michael Page was Interim Chief Executive Officer from August 12, 2015 until May 17, 2016 and VP Exploration thereafter.
- (4) Richard Meschke was appointed Chief Financial Officer on May 17, 2016.

2. Compensation Governance

Given the small size of the Company and the Board, no formal compensation committee has been appointed. The non-management directors on the Board review and approve the annual compensation of the Chief Executive Officer and based on the recommendation of the Chief Executive Officer, review and approve the annual compensation of senior management.

3. Objectives of Any Compensation Program or Strategy

Compensation Philosophy and Objectives of Compensation Programs

The Board determines the compensation to be paid or awarded to the Named Executive Officers of the Corporation. The Board seeks to encourage advancement of exploration projects and growth in reserves, in order to enhance shareholder value. To achieve these objectives, the Corporation believes it is critical to create and maintain compensation programs that attract and retain committed, highly qualified personnel by providing appropriate rewards and incentives and that align the interest of the officers of the Corporation with those of the shareholders to provide incentive to the officers to enhance shareholder value. However, as a junior exploration company the Corporation is constrained by the amount of capital it has available to it. This element was the primary focus of all compensation decisions in 2018.

In 2018, compensation for the Named Executive Officers consisted of the three elements: base salary, bonus, and long-term equity incentives. The following provides an overview of the elements of compensation.

Compensation Element	Type of Compensation	Name of Plan	Performance Period	Form of Payment
Base Salary	Annual - Fixed Pay	Salary Program	1 year	Cash
Bonus	Annual – Variable Pay	Employee Bonus Plan	1 year	Cash or shares
Long-Term Equity Incentives	Long Term - Variable Pay	Stock Option Plan	up to 5 years	Stock options

4. How the Corporation Determines the Amount for Each Element

As indicated above, executive compensation is the responsibility of the Board.

During the fiscal year ended December 31, 2018, the Board had no formal meetings dedicated to compensation.

The Board uses all the data available to ensure that the Corporation is maintaining a level of compensation that is both commensurate with the size of the Corporation and sufficient to retain personnel it considers essential to the success of the Corporation. In reviewing comparative data, the Board does not engage in benchmarking for the purpose of establishing compensation levels relative to any predetermined point. In the Board's view, external and third-party survey data provides an insight into external competitiveness, but it is not an appropriate single basis for establishing compensation levels. This is primarily due to the differences in the size of comparable companies and the lack of sufficient appropriate matches to provide statistical relevance.

In the process used by the Board to establish and adjust executive compensation levels, third-party survey data may be considered, along with an assessment of individual performance, experience and potential to contribute to operations and growth of the Corporation. However, the Corporation largely relies on Board discussion and familiarity with the Named Executive Officers without any formal objectives or criteria. The Board can exercise both positive and negative discretion in relation to the compensation awards and its allocation between cash and non-cash awards.

The Chief Executive Officer of the Corporation makes recommendations to the Board regarding total compensation to the Named Executive Officers of the Corporation (excluding the Chief Executive Officer), including base salaries, bonuses, long-term equity incentive grants. These recommendations are considered by the Board against information derived from publicly available information and adjusted, as applicable, for inflation and anticipated increases in the current year.

Salary. Base salary represents the fixed element of the Named Executive Officer's cash compensation. The base salary reflects the Boards' consideration of each individual's level of responsibility, expertise,

skills, knowledge and performance. Base salaries for the Named Executive Officers of the Corporation are reviewed annually by the Board.

In 2018, the Board did not increase the base salary amounts for the CEO and CFO.

Annual Cash Bonus Awards. The Board has the authority, based upon management recommendations, to award discretionary annual bonuses to the executive officers. The annual discretionary bonuses are intended to compensate officers for achieving superior financial and operational results for the Corporation. The discretionary annual bonus may be paid in cash or shares in an amount reviewed with management and recommended by the Board and approved by the Board. The actual amount of bonus is determined following a review by the Board of each executive's individual role during the previous year.

Bonuses awarded by the Board are intended to be competitive with the market while rewarding senior executives for creating qualitative improvements in the Corporation's performance, including delivering near-term financial and operating results, developing long-term growth prospects, improving the efficiency and effectiveness of business operations and building a culture of teamwork focused on creating long-term shareholder value. Consistent with a flexible nature of the annual bonus program, the Board does not assign any specific weight to any particular element of performance nor is any specific weight assigned to a specific performance goal in the aggregate. The Board considers not only the Corporation's performance during the year, but also with respect to market and economic trends and forces, extraordinary internal and market-driven events, unanticipated developments and other extenuating circumstances. In sum, the Board analyzes the total mix of available information on a qualitative, rather than quantitative, basis in making bonus determinations. No bonuses were awarded to the CEO and CFO at the end of 2018.

Long-Term Incentive Programs. The allocation of stock options and the terms designed in those options are an integral component of the compensation package of the senior officers of the Corporation. The Corporation has a stock option plan in place for the purpose of providing stock options to the officers. The Board believes that the grant of options to the executive officers and share ownership by such officers serves to motivate achievement of the Corporation's long-term strategic objectives and the result will benefit all shareholders of the Corporation. Stock options are awarded to employees of the Corporation by the Board based upon the recommendation of the Chief Executive Officer, who bases his decision upon the level of responsibility and contribution of the individuals toward the Corporation's ultimate goals and objectives. Also, the Board considers the overall number of stock options that are outstanding relative to the number of outstanding common shares of the Corporation in determining whether to make any new grants of stock options and the size of such grants. The granting of these specific options is reviewed by management for final recommendation to the Board for approval.

Hedging Activities

The Corporation has no formal hedging policy in place with respect to purchases of securities by Named Executive Officers or directors designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by such individuals, and to the Corporation's knowledge, no NEO or director has hedged the economic value of his direct or indirect interests in the market value of the Corporation's Shares so held or granted as compensation.

Risk Assessment and Oversight

The Board is keenly aware of the fact that compensation practices can have unintended risk consequences. The Board will continually review the Corporation's compensation policies to identify any practice that might encourage an employee to expose the Corporation to unacceptable risks. At the present time, the Board is satisfied that the current executive compensation program does not encourage the Corporation's executives to expose the business to inappropriate risk. The Board takes a conservative approach to executive compensation rewarding individuals for the success of the Corporation once that success has been demonstrated and incenting them to continue that success through the grant of long-term incentive awards. In addition, the number of options a particular NEO is entitled to receive is limited by the Option Plan.

The Disclosure Instrument requires issuers such as the Corporation to disclose the corporate governance practices that they have adopted, while the Guidelines provide guidance on corporate governance practices. In this regard, a brief description of the Corporation's system of corporate governance, with reference to the items set out in the Disclosure Instrument and the Guidelines, is set forth in Schedule B.

The Board and management of the Corporation recognize that effective corporate governance is important to the direction and operation of the Corporation in a manner which ultimately enhances shareholder value. As a result, the Corporation has developed and implemented, and continues to develop, implement and refine formal policies and procedures which reflect its ongoing commitment to good corporate governance and which establish a culture of integrity, honesty and respect. The Corporation believes that the corporate governance practices and procedures described below and in Schedule B are appropriate for a company such as Stratabound.

Composition of the Board

Consistent with the Corporation's streamlined approach to the management of the Corporation, the Board of Directors of the Corporation consisted of five directors during both 2017 and 2018, including for both years the President / Chief Executive Officer of the Corporation. Two out of the five directors were considered independent within the meaning of applicable securities legislation.

The Board has responsibility for hiring senior management and supervising and overseeing the management of the business of the Corporation. In addition to the obligations of the Board mandated by law, the Board has responsibility for strategic planning, the selection and monitoring of management and the identification of the principal risks associated with the Corporation's business. These duties and responsibilities, among others, are set forth in a written mandate of the Board that has been adopted. The Board approves all significant decisions that materially affect the Corporation before they are implemented and annually approves the key business and financial objectives of the Corporation.

Certain of the powers, duties and responsibilities of the Board have been delegated to committees of the Board, as described below.

Committees

During the year ended December 31, 2018 the Board of Directors had two committees, the Audit Committee and the Governance Committee.

Audit Committee

As of December 31, 2018 the Audit Committee was comprised of Ms. Kent and Messrs. Robb and Page. Ms. Kent and Mr. Robb were considered independent within the meaning of applicable securities legislation. The Audit Committee reviews the annual and quarterly financial statements of the Corporation and may meet with the external auditors as required. Governance Committee

The Company has formed a Corporate Governance Committee comprised of Mr. Robb (Chairman), Mr. Page and Mr. Byberg (the "Corporate Governance Committee") whose mandate is to evaluate the Corporation's governance practices to insure alignment with corporate objectives. Of the current members of the Corporate Governance Committee, Mr. Robb is considered to be independent. Mr. Page and Mr. Byberg are not independent as they are also officers of the Company.

INDEBTEDNESS OF DIRECTORS AND EXECUTIVE OFFICERS

Management of the Corporation is not aware of any indebtedness outstanding to the Corporation or its subsidiaries by Directors, Named Executive Officers, employees or former executive officers as at the end of the most recently completed financial year ended December 31, 2018 and thereafter.

Other than as disclosed below and elsewhere in the Information Circular, management of the Corporation is not aware of any material interest, direct or indirect, of any informed person of the Corporation, any proposed Director or any associate or affiliate of any informed person or proposed Director, in any transaction since the commencement of the Corporation's most recently completed financial year ended December 31, 2018 or in any proposed transaction which has materially affected or would materially affect the Corporation.

BUSINESS OF THE ANNUAL MEETING

Receipt of the Financial Statements and Auditor's Report

Audited financial statements of the Corporation for the year ended December 31, 2018, together with the report of the auditors thereon, are being mailed separately to registered shareholders and those shareholders that requested this information. The financial statements of the Corporation for the year ended December 31, 2018 and the auditors' report thereon will be placed before the shareholders at the Meeting.

Under securities legislation, the Corporation is required to send annually a request form to the registered holders and beneficial owners of its securities, other than debt instruments, that the registered holders and beneficial owners may use to request a hard copy of the Corporation's annual financial statements and related management's discussion and analysis ("MD&A") and/or the Corporation's interim financial statements and related MD&A. Shareholders who wish to receive a hard copy of the Corporation's annual financial statements and related MD&A and/or the Corporation's interim financial statements and related MD&A are encouraged to send the enclosed return card directly to Computershare Trust Company at the address noted thereon.

Share Consolidation

The Corporation presently has 210,223,178 Common Shares issued and outstanding. The Board of Directors of the Corporation believes that a consolidation of the Corporation's common shares is in the best interests of, and will benefit, both the Corporation and its shareholders. The Board believes that the proposed consolidation of the Corporation's common shares may assist the Corporation in raising additional equity or debt capital for the Corporation, and will result in the Corporation having a similar number of shares outstanding as most of its peers.

At the Meeting, shareholders will be asked to approve the special resolution set forth below authorizing the Board to amend the Articles of the Corporation to consolidate all of the outstanding Common Shares on the basis of up to and including **six (6)** Common Shares currently outstanding for **one (1)** new consolidated Common Share, as the directors may determine (the "**Consolidation Resolution**"). Any fractional Common Shares resulting from the consolidation will be cancelled and the shareholders who would have received a fractional Common Share will receive the next lower number of whole Common Shares. The consolidation will affect all shareholders proportionately, except to the extent that the consolidation would otherwise result in a shareholder owning a fractional share. The exercise or conversion price and the number of Common Shares issuable under the Options will be proportionately adjusted upon the Consolidation becoming effective.

Articles of Amendment may be filed with the Registrar under the *Business Corporations Act* (Alberta) to give effect to the Consolidation Resolution. Upon receipt of the Articles of Amendment evidencing the share consolidation, all outstanding certificates representing Common Shares will thereafter only represent the number of Common Shares to which the holder is entitled after giving effect to the consolidation.

Shareholders are being asked to consider and, if thought fit, pass a special resolution approving the Consolidation Resolution. Under the ABCA, shareholders do not have dissent rights with respect to the proposed share consolidation. The following is the text of the special resolution to be considered at the Meeting, subject to such amendments, variations or additions as may be approved at the Meeting:

"Be it resolved as a special resolution that:

1. Subject to regulatory approval, the board of directors of the Corporation is authorized to amend the Articles of the Corporation to consolidate all of the issued and outstanding common shares in the capital of the Corporation on the basis of **one (1)** new common share for up to every **six (6)** common shares currently outstanding, or such lesser amount as determined by the board of directors.
2. Upon consolidation, where a shareholder of the Corporation would otherwise receive a fractional common share, such fractional share will be cancelled and the shareholder will receive the next lower number, if any, of whole common shares.
3. From and after the effective date of the consolidation, all outstanding share certificates will thereafter only represent the number of common shares to which the holder is entitled after giving effect to the consolidation.
4. Any one director or officer of the Corporation be and is hereby authorized to sign all such documents, including without limitation, Articles of Amendment, and to do all such acts and things, including

without limitation, delivering such Articles of Amendment to the Registrar of Corporations under the *Business Corporations Act* (Alberta) as such director or officer determines, in his or her discretion, to be necessary or advisable in order to properly implement and give effect to the foregoing.

5. Notwithstanding that this special resolution has been passed by the shareholders of the Corporation, the board of directors of the Corporation is hereby authorized in its discretion and without further approval of such shareholders to decide not to proceed with the amendments to the Articles of the Corporation."

To be effective, the special resolution approving the Consolidation Resolution must be passed by at least two-third (66 2/3%) of the votes cast at the Meeting. **The Board of Directors recommends that you vote FOR the Consolidation Resolution.**

SCHEDULE "C"

STRATABOUND MINERALS CORP.

Stock Option Plan (2019)

The Board of Directors of **Stratabound Minerals Corp.** (the "Corporation") wishes to establish a stock option plan (the "Plan") governing the issuance of stock options (the "Stock Options") to directors, officers, employees and consultants of the Corporation or subsidiaries (as the meaning is ascribed thereto pursuant to applicable securities legislation) of the Corporation who are providing services to the Corporation or subsidiaries of the Corporation on an on-going basis, or have provided or are expected to provide a service or services of considerable value to the Corporation or its subsidiaries.

The terms and conditions of the Plan for issuance of Stock Options are as follows:

1. **Purposes**

The principal purposes of the Plan are:

- (a) to retain and attract qualified directors, officers, employees and consultants which the Corporation and its subsidiaries require;
- (b) to promote a proprietary interest in the Corporation and its subsidiaries;
- (c) to provide an incentive element in compensation; and
- (d) to promote the profitability of the Corporation and its subsidiaries.

2. **Reservation of Shares**

The maximum number of common shares of the Corporation ("Common Shares") reserved from time to time for issuance pursuant to Stock Options granted pursuant to the Plan to Eligible Optionees (as defined below) shall not exceed 10% of the outstanding common shares.

3. **Eligibility**

Stock Options shall be granted only to persons, firms or corporations ("Eligible Optionees"):

- (a) who are employees (full-time or part-time), officers or directors of the Corporation or its subsidiaries, or consultants who are engaged to provide services to the Corporation or its subsidiaries on an on-going basis under a written contract with the Corporation and spends or will spend a significant amount of time and attention on the affairs of the Corporation or its subsidiaries, and
- (b) who the Board of Directors of the Corporation (the "Board of Directors" or the "Board") determines should receive Stock Options,

provided that the participation of the Eligible Optionees in the Plan is voluntary.

Stock Options may also be granted to corporations which are wholly-owned by an Eligible Optionee. Unless the context otherwise requires, the term Eligible Optionee as used herein, shall include any such corporation. No Stock Options shall be granted pursuant to this Section 3 unless such Eligible Optionee is a bona fide employee, officer, director or consultant of the Corporation or a subsidiary of the Corporation, or a corporation wholly-owned by such person.

For greater certainty and without limiting the discretion conferred on the Board of Directors pursuant to Subsection 3(b) above, the Board of Directors' decision to approve the grant of a Stock Option in any year shall not require the Board of Directors to approve the grant of a Stock Option to an Eligible Optionee in any other year; nor shall the Board of Directors' decision with respect to the size or terms and conditions of a Stock Option in any year require it to approve the grant of a Stock Option of the same size or with the same terms and conditions to any Eligible Optionee in any other year. The Board of Directors shall not be precluded from approving the grant of a Stock Option to any Eligible Optionee solely because the Eligible Optionee may previously have been granted a Stock Option under the Plan or any other security based compensation arrangement in which there is an issuance from treasury or potential issuance from treasury of securities of the Corporation ("Security Based Compensation Arrangement"). No Eligible Optionee has any claim or right to be granted a Stock Option, except as expressly provided in a stock option agreement entered into by the Eligible Optionee and the Corporation pursuant to the terms of the Plan (a "Stock Option Agreement"). In addition, nothing in the Plan or in any Stock Option Agreement shall confer upon any holder of a Stock Option the right to continue in the employ of the Corporation or a subsidiary of the Corporation, to be entitled to any remuneration or benefits not set forth in the Plan or a Stock Option Agreement or to interfere with or limit in any way the right of the Corporation or a "subsidiary" of the Corporation to terminate the Stock Option holder's employment.

4. Granting of Stock Options

The Board of Directors may from time to time grant Stock Options to Eligible Optionees. At the time a Stock Option is granted, the Board of Directors shall determine the number of Common Shares of the Corporation purchasable under the Stock Option, the date when the Stock Option is to become effective and, subject to the other provisions of the Plan, all other terms and conditions of the Stock Option. All grants of Stock Options shall be subject to the following terms and conditions:

- (a) the number of Common Shares reserved for issuance, or issuable from treasury in any 12-month period, under the Plan and any other stock option plan, stock option arrangement or performance share unit plan of the Corporation to persons who are Insiders shall not exceed 10% of the total number of Common Shares outstanding; and
- (b) the number of Common Shares issuable from treasury in any 12-month period under the Plan and any other stock option plan, stock option arrangement or performance share unit plan of the Corporation:
 - (i) to any one individual shall not exceed 5% of the total number of Common Shares outstanding;
 - (ii) to any one consultant shall not exceed 2% of the total number of Common Shares outstanding; and
 - (iii) to employees conducting Investor Relations Activities shall not exceed in the aggregate 2% of the total number of Common Shares outstanding.

The aforementioned limits on the number of Common Shares reserved for issuance may be formulated on a diluted basis with the consent of the Exchange if such consent is required pursuant to the rules of such Exchange.

The terms "insider" and "associates" have the meanings ascribed thereto pursuant to applicable securities legislation, and the term "outstanding issue" means the number of Common Shares of the Corporation outstanding immediately prior to the share issuance in question. Any Stock Options granted to a corporation referred to in Section 3 hereof shall be included in the calculation of the Stock Options held by a related person.

5. Exercise Price

- (a) The exercise price of each Stock Option shall be determined in the discretion of the Board of Directors at the time of the granting of the Stock Option, provided that the exercise price shall not be lower than the "market price" of the Common Shares at the time the Stock Option is granted. The "market price" shall be the volume weighted average price of the Common Shares on the TSX for the five trading days immediately preceding the date of grant of the Stock Option if the Common Shares are listed on the TSX or the minimum exercise price permitted by any other Exchange in which the Common Shares are listed if the Common Shares are not listed on the TSX; provided that if the Common Shares are not listed on any Exchange, the market price shall be such price as is determined by the Board of Directors, acting in good faith.
- (b) Disinterested shareholder approval will be obtained for any reduction in the exercise price of the Stock Options if the Optionee is an Insider of the Corporation at the time of the proposed amendment.

6. Term and Exercise Periods

All Stock Options shall be for a term and exercisable from time to time as determined in the discretion of the Board of Directors at the time of the granting of the Stock Options, provided that no Stock Option shall have a term exceeding ten years, and by way of example, without limiting the generality of the foregoing or the discretion of the Board, the Board of Directors may determine:

- (a) that a Stock Option is exercisable only during the term of employment of or provision of services by the Eligible Optionee receiving it or during such term and for a limited period of time after termination of employment or cessation of services, as applicable;
- (b) that a Stock Option can be exercisable for a period of time of up to one year after death, or for a period of time or for its remaining term after the permanent disability of the Eligible Optionee as determined by agreement between the Eligible Optionee (or his legal representative) and the Corporation, or by a medical doctor or other health care specialist mutually selected by the Corporation and the Eligible Optionee (or, if they cannot agree on the selection of the doctor or specialist, a doctor or specialist appointed by the Court of Queen's Bench in Calgary, Alberta) ("Permanent Disability");
- (c) that only a portion of a Stock Option is exercisable in a specified period;
- (d) that the unexercised portion of a Stock Option is "cumulative" so that any portion of a Stock Option exercisable (but not exercised) in a specified period may be exercised in subsequent periods until the Stock Option terminates;
- (e) that if the Eligible Optionee ceases to be a director, officer or employee of the Corporation or any of its subsidiaries or a consultant to the Corporation or any of its subsidiaries for any reason whatsoever (other than as a result of death or the Permanent Disability of the Eligible Optionee, the Eligible Optionee may, but only within ninety (90) days after the

Eligible Optionee's ceasing to be a director, officer, employee or consultant or prior to the expiration date in respect of the Stock Option, whichever is earlier, exercise any Stock Option held by the Eligible Optionee, but only to the extent that the Eligible Optionee was entitled to exercise the Stock Option at the date of such cessation;

- (f) options granted to an Optionee engaged in Investor Relations Activities must expire within 30 days after the Optionee ceases to be employed to provide Investor Relations Activities;

and other appropriate terms in other circumstances, such as if the Corporation shall resolve to sell all or substantially all of its assets, to liquidate or dissolve, or to merge, amalgamate, consolidate or be absorbed with or into any other corporation, if a take-over bid is made for Common Shares of the Corporation, or if any change of control of the Corporation occurs, subject to the provisions of Section 12 with respect to Unsolicited Offers (as defined below).

If the Eligible Optionee ceases to be a director, officer or employee of the Corporation or any of its subsidiaries or a consultant to the Corporation or any of its subsidiaries for any reason whatsoever, the Stock Options held by such Eligible Optionee must expire within a reasonable period following the date of such cessation, but only to the extent that the Eligible Optionee was entitled to exercise the Stock Option at the date of such cessation.

In the event that (a) the date determined by the Board of Directors on which a Stock Option will expire falls within a period of time imposed by the Corporation, pursuant to the Corporation's policies, upon certain designated persons during which those persons may not trade in any securities of the Corporation (a "**Black-Out Period**") or (b) expiry of a Stock Option falls within five (5) business days after a Black-Out Period (not including a Black-Out Period imposed due to a cease trade order), the expiry date of such Stock Option shall be ten (10) business days from the date any Black-Out Period ends, provided that no Stock Option shall have a term exceeding ten years.

7. Non-Assignability

Stock Options shall not be assignable or transferable by an Eligible Optionee, except: (a) for a limited right of assignment to allow the exercise of Stock Options by an Eligible Optionee's legal representative in the event of death or Permanent Disability, subject to the terms upon which the Stock Option is granted, and provide such period does not exceed one year from the Optionee's death or Permanent Disability; and (b) with the approval of the Board of Directors and the Exchange if approval of the Exchange is required pursuant to the rules of such Exchange, there is a right to transfer such Stock Options to a corporation controlled by the Eligible Optionee and wholly-owned by the Eligible Optionee and his or her spouse or children.

8. Payment of Exercise Price

Except as provided in Section 10 all Common Shares issued pursuant to the exercise of a Stock Option shall be paid for in full in Canadian funds at the time of exercise of the Stock Option and prior to the issue of the shares. All Common Shares of the Corporation issued in accordance with the foregoing shall be issued as fully paid and non-assessable Common Shares.

9. Withholding Taxes

In connection with the exercise of a Stock Option, the Eligible Optionee (or his or her heirs or administrators) shall follow the Corporation's procedures and policies relating to the payment or funding of any withholding taxes applicable to the exercise of the Stock Option, including, where required by the Corporation, the remittance to the Corporation by the Eligible Optionee (or his or

her heirs or administrators) of an amount of cash sufficient to satisfy any withholding requirements relating to the exercise of the Stock Option.

10. Non-Exercise

The automatic "reloading" of Stock Options upon the exercise of Stock Options is permitted under the Plan. If any Stock Options granted under the Plan shall expire, terminate or be cancelled or surrendered for any reason without having been exercised in full, any unpurchased Common Shares to which such Stock Options relate shall be available for the purposes of the granting of further Stock Options under the Plan, however, at no time shall there be outstanding Stock Options exceeding in the aggregate the number of Common Shares of the Corporation reserved for issuance pursuant to Stock Options under the Plan.

11. Change of Control Transactions and Unsolicited Offers

Notwithstanding the terms of the Plan, and unless otherwise determined by the Board of Directors, in the event of: (i) any Change of Control Transaction, or (ii) an Unsolicited Offer for the Common Shares is made, all unexercised and unvested outstanding Stock Options granted under the Plan shall vest and become immediately exercisable in respect of any and all Common Shares for which the holder of Stock Options has not exercised the Stock Options (immediately prior to the effective time of such Change of Control or on the date the Unsolicited Offer is made, as applicable), notwithstanding that an agreement relating to the grant of Stock Options states that those Stock Options are exercisable only during a later period or year.

For the purposes hereof, a "Change of Control Transaction" means

- (i) the purchase or acquisition of Common Shares and/or securities convertible into Common Shares or carrying the right to acquire Common Shares ("Convertible Securities") as a result of which a person, group of persons or persons acting jointly or in concert, or persons associated or affiliated within the meaning of the Business Corporations Act (Alberta) with any such person, group of persons or any of such persons acting jointly or in concert (collectively the "Persons") beneficially own or exercise control or direction over Common Shares and/or Convertible Securities such that, assuming only the conversion of the Convertible Securities beneficially owned by the Persons thereof, would have the right to cast more than fifty percent (50%) of the votes attached to all Common Shares; or
- (ii) approval by the shareholders of the Corporation of: (i) an amalgamation, arrangement, merger or other consolidation or combination of the Corporation with another corporation or other entity pursuant to which the shareholders of the Corporation immediately thereafter do not own securities of the successor or continuing corporation or other entity which would entitle them to cast more than fifty (50%) percent of the votes attaching to all of the shares in the capital of the successor or continuing corporation or other entity which may be cast to elect directors of that corporation or other entity to manage the Corporation; (ii) a liquidation, dissolution or winding-up of the Corporation; or (iii) the sale, lease or other disposition of all or substantially all of the assets of the Corporation;

provided that (A) a Change of Control Transaction shall not be deemed to occur in the case of an internal reorganization that does not result in a change in the shareholders or management of the Corporation, and (B) in the event there is any question as to whether a Change of Control Transaction has occurred in any circumstances, the Board shall determine the matter and any such determination of the Board shall be final and conclusive for the purposes of the Plan.

For the purposes hereof, an "Unsolicited Offer" means an Offer in respect of which neither the Board of Directors nor management of the Corporation solicited, sought out, or otherwise arranged for the offeror party to make such Offer. For the purposes hereof, "Offer" means an offer made generally to the holders of Common Shares in one or more jurisdictions to acquire, directly or indirectly, the Common Shares and which is in the nature of a "takeover bid" as defined in the *Securities Act* (Alberta) and, where the Common Shares are listed and posted for trading on an Exchange, not exempt from the formal bid requirements of the *Securities Act* (Alberta). Any Stock Option remaining unexercised following the earlier of the withdrawal of such Unsolicited Offer and the expiry of such Unsolicited Offer in accordance with its terms again becomes subject to the original terms of the agreement relating to the grant of Stock Options as if the Unsolicited Offer had not been made.

In addition to the foregoing, if the Board approves any Change of Control Transaction, the Board may, in its sole discretion, deliver prior notice of such Change of Control Transaction in writing to the Eligible Optionees who have been granted Stock Options and may provide such Eligible Optionees with a seven (7) day period from the giving of such notice (or such longer period as may be determined by the Board and as may be specified in such notice) to purchase all or a portion of the number of Common Shares to which such Eligible Optionees are entitled pursuant to the unexercised Stock Options. Any number of the Stock Options not exercised at the expiry of such period shall, if so specified in such notice, terminate and expire notwithstanding any other provisions contained herein, unless such Change of Control Transaction is not completed.

12. Adjustment in Certain Circumstances

In the event:

- (a) of any change in the Common Shares of the Corporation through subdivision, consolidation, reclassification, amalgamation, merger or otherwise; or
- (b) of any stock dividend to holders of Common Shares of the Corporation (other than such stock dividends issued at the option of shareholders of the Corporation in lieu of substantially equivalent cash dividends); or
- (c) that any rights are granted to all or substantially all of the holders of Common Shares to purchase Common Shares of the Corporation at prices substantially below fair market value; or
- (d) that as a result of any recapitalization, merger, consolidation or otherwise (other than a Change of Control Transaction) the Common Shares of the Corporation are converted into or exchangeable for any other shares;

then in any such case the Board of Directors may make such adjustment in the Plan and in the Stock Options granted under the Plan as the Board of Directors may in its sole discretion (and without shareholder approval) deem appropriate to prevent substantial dilution or enlargement of the rights granted to, or available for, holders of Stock Options, and such adjustments may be included in the Stock Options.

13. Expenses

All expenses in connection with the Plan shall be borne by the Corporation.

14. Compliance with Laws

The Corporation shall not be obliged to issue any shares upon exercise of Stock Options if the issue would violate any law or regulation or any rule of any governmental authority or Exchange. The Corporation shall not be required to issue, register or qualify for resale any shares issuable upon exercise of Stock Options pursuant to the provisions of a prospectus or similar document, provided that the Corporation shall notify the applicable regulatory bodies of the existence of the Plan and the issuance and exercise of Stock Options.

15. Form of Stock Option Agreement

All Stock Options shall be issued by the Corporation in a form which meets the general requirements and conditions set forth in the Plan and the applicable regulatory bodies.

16. Amendments and Termination of Plan

The Corporation retains the right to amend from time to time or to suspend, terminate or discontinue the terms and conditions of the Plan and the Stock Options granted hereunder by resolution of the Board. Any amendments shall be subject to the prior consent of any applicable regulatory bodies. Any amendment to the Plan shall take effect only with respect to Stock Options granted after the effective date of such amendment, provided that it may apply to any outstanding Stock Options with the mutual consent of the Corporation and the Eligible Optionees to whom such Stock Options have been granted. The Board of Directors shall have the power and authority to approve amendments relating to the Plan or to Stock Options, without further approval of the shareholders, to the extent that such amendment:

- (a) is for the purpose of curing any ambiguity, error or omission in the Plan or to correct or supplement any provision of the Plan that is inconsistent with any other provision of the Plan;
- (b) is necessary to comply with applicable law or the requirements of any Exchange on which the Common Shares are listed;
- (c) is an amendment to the Plan respecting administration and eligibility for participation under the Plan;
- (d) changes the terms and conditions on which Stock Options may be or have been granted pursuant to the Plan including changes to the vesting provisions, early termination provisions, term of such Stock Options and other terms (excluding any change in the exercise price of such Stock Options);
- (e) alters, extends or accelerates the terms of vesting applicable to any Stock Option;
- (f) changes the termination provisions of a Stock Option or the Plan which does not entail an extension beyond the original expiry date; or
- (g) is an amendment to the Plan of a "housekeeping nature";

provided that in the case of any alteration, amendment or variance referred to in paragraph (a) or (b) of this Section 16 the alteration, amendment or variance does not:

- (h) amend the number of Common Shares issuable under the Plan;

- (i) add any form of financial assistance by the Corporation for the exercise of any Stock Option;
- (j) result in a material or unreasonable dilution in the number of outstanding Common Shares or any material benefit to an Eligible Optionee; or
- (k) change the class of eligible participants to the Plan which would have the potential of broadening or increasing participation by insiders of the Corporation (as the term "insider" has the meaning ascribed thereto pursuant to applicable securities legislation).

Without limiting the generality of the foregoing, but subject to any required regulatory approval of any regulatory authority or stock exchange, the Board may amend the exercise price, the expiration date and the termination provisions of Stock Options granted pursuant to the Plan, without shareholder approval, provided that if the Board proposes to reduce the exercise price or extend the expiration date of a Stock Option held by an Eligible Optionee who is an insider of the Corporation at the time of the amendment (unless the extension is pursuant to any Black-Out Period that may be in effect), such amendment will require disinterested shareholder approval.

17. Administration

The Plan shall be administered by the Board of Directors. The Board of Directors shall have full and final discretion to interpret the provisions of the Plan and to prescribe, amend, rescind and waive rules and regulations to govern the administration and operation of the Plan. All decisions and interpretations made by the Board of Directors shall be binding and conclusive upon the Corporation and on all persons eligible to participate in the Plan, subject to shareholder approval if required by an Exchange.

18. Delegation of Administration of the Plan

Subject to the *Business Corporations Act* (Alberta) or any other legislation governing the Corporation, the Board of Directors may delegate to one or more directors or officers of the Corporation, on such terms as it considers appropriate, all or any part of the powers, duties and functions relating to the granting of Stock Options and the administration of the Plan.

19. Applicable Law

The Plan shall be governed by and construed in accordance with the laws in force in the Province of Alberta.

20. Stock Exchange

To the extent applicable, the issuance of any shares of the Corporation pursuant to Stock Options issued pursuant to the Plan is subject to approval of the Plan by the Exchange, and the Plan shall be subject to the ongoing requirements of such Exchange.

21. Effective Date

The Plan shall take effect on the date of its adoption by the Board.

Any Stock Options granted prior to such approvals shall be conditional upon such approval being given and no Stock Option may be exercised unless such approval is given.
