## GENERAL

### Appointment and Revocation of Proxies

The individuals named in the accompanying form of proxy are officers and directors of the Corporation. **A SHAREHOLDER WISHING TO APPOINT SOME OTHER PERSON (WHO NEED NOT BE A SHAREHOLDER) TO REPRESENT SUCH SHAREHOLDER AT THE MEETING HAS THE RIGHT TO DO SO, EITHER BY INSERTING SUCH PERSON'S NAME IN THE BLANK SPACE PROVIDED IN THE FORM OF PROXY OR BY COMPLETING ANOTHER FORM OF PROXY.** Such a shareholder should notify the nominee of the appointment, obtain the nominee's consent to act as proxy and instruct the nominee on how the shareholder's shares are to be voted. In any case, the form of proxy should be dated and executed by the shareholder or the shareholder's attorney authorized in writing, or if the shareholder is a corporation, under its corporate seal, or by an officer or attorney thereof duly authorized.

A proxy will not be valid for the Meeting or any adjournment thereof unless the completed form of proxy is delivered to Computershare Trust Company of Canada, Attention: Proxy Department, 100 University Avenue, 8<sup>th</sup> Floor, Toronto, Ontario, M5J 2Y1, facsimile (416) 263-9524 or (866) 249-7775 (toll free), not later than forty-eight (48) hours (excluding Saturdays, Sundays and statutory holidays) prior to the commencement of the Meeting or any adjournment thereof. The Chairman of the Meeting has the authority to accept late or incomplete proxies in his sole and unfettered discretion.

In addition to revocation in any other manner permitted by law, a shareholder who has given a proxy may revoke it at any time before it is exercised, by instrument in writing executed by the shareholder or by the shareholder's attorney authorized in writing and deposited either at the registered office of the Corporation at any time up to and including the last business day preceding the day of the Meeting, or any adjournment thereof, at which the proxy is to be used, or with the Chairman of the Meeting on the day of the Meeting or any adjournment thereof.

### Voting of Proxies

The persons named in the enclosed form of proxy have indicated their willingness to represent, as proxyholders, the shareholders who appoint them. Each shareholder may instruct its proxyholder how to vote the shareholder's shares by completing the form of proxy.

Shares represented by properly executed proxy forms in favour of the persons designated in the enclosed proxy form will be voted or withheld from voting on any poll in accordance with instructions made on the proxy forms and, if a shareholder specifies a choice as to any matters to be acted on, such shareholder's shares shall be voted accordingly. In the absence of such instructions, such shares **WILL BE VOTED IN FAVOUR OF ALL MATTERS IDENTIFIED IN THE NOTICE OF MEETING ACCOMPANYING THIS INFORMATION CIRCULAR.**

The enclosed form of proxy confers discretionary authority upon the persons named therein with respect to amendments and variations to matters identified in the Notice of Meeting and with respect to any other matters which may properly come before the Meeting. At the time of printing this Information Circular, the management of the Corporation knows of no such amendments, variations or other matters to come before the Meeting.

## Advice to Beneficial Shareholders

**The information set forth in this section is of significant importance to many shareholders of the Corporation, as a substantial number of shareholders do not own shares in their own name.** Shareholders who do not hold their shares in their own name (referred to in this Information Circular as "Beneficial Shareholders") should note that only proxies deposited by shareholders whose names appear on the records of the Corporation as the registered holders of common shares ("Common Shares") can be recognized and acted upon at the Meeting. If Common Shares are listed in an account statement provided to a shareholder by a broker, then in almost all cases those Common Shares will not be registered in the shareholder's name on the records of the Corporation. Such Common Shares will more likely be registered under the name of the shareholder's broker or an agent of that broker. In Canada, the vast majority of such shares are registered under the name of CDS & Co. (the registration name for CDS Clearing and Depository Services Inc., a wholly-owned subsidiary of The Canadian Depository for Securities Limited, which acts as nominee for many Canadian brokerage firms). Common Shares held by brokers or their agents or nominees can only be voted (for or against resolutions) upon the instructions of the Beneficial Shareholder. Without specific instructions, brokers and their agents and nominees are prohibited from voting shares for the broker's clients. **Therefore, Beneficial Shareholders should ensure that instructions respecting the voting of their Common Shares are communicated to the appropriate person.**

Applicable regulatory policy requires intermediaries/brokers to seek voting instructions from Beneficial Shareholders in advance of shareholders' meetings. Every intermediary/broker has its own mailing procedures and provides its own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their Common Shares are voted at the Meeting. The form of proxy supplied to a Beneficial Shareholder by its broker (or the agent of that broker) is similar to the form of proxy provided to registered shareholders by the Corporation. However, its purpose is limited to instructing the registered shareholder (the broker or agent of the broker) how to vote on behalf of the Beneficial Shareholder. The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. ("BFSI"). BFSI typically asks Beneficial Shareholders to return proxy or voting instruction forms to BFSI. BFSI then tabulates the results of all instructions received and provides appropriate instructions respecting voting of shares to be represented at the Meeting. **A Beneficial Shareholder receiving a BFSI proxy or voting instruction form cannot use that proxy or voting instruction form to vote Common Shares directly at the Meeting - the BFSI proxy or voting instruction form must be returned to BFSI well in advance of the Meeting in order to have the Common Shares voted.**

Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting Common Shares registered in the name of a broker (or agent of the broker), a Beneficial Shareholder may attend at the Meeting as proxyholder for the registered shareholder and vote the Common Shares in that capacity. Beneficial Shareholders who wish to attend at the Meeting and indirectly vote their Common Shares as proxyholder for the registered shareholder should enter their own name in the blank space on the instrument of proxy provided to them and return the same to their broker (or the broker's agent) in accordance with the instructions provided by such broker (or agent), well in advance of the Meeting. **However, as previously stated, as a result of the ongoing public health emergency due to the Coronavirus, shareholders are strongly discouraged from attending the Meeting and are encouraged to vote in advance of the Meeting.**

## Record Date, Voting Shares and Principal Holders Thereof

The Corporation has set the close of business on May 26, 2021 as the record date for the Meeting. The Corporation will prepare a list of shareholders of record at such time. Holders of Common Shares of the Corporation named on that list will be entitled to vote the Common Shares then registered in their name at the Meeting.

As at May 26, 2021, the Corporation's issued and outstanding voting shares consisted of 89,468,136 Common Shares. Holders of Common Shares are entitled to one vote for each Common Share held on all matters to be considered and acted upon at the Meeting or any adjournment thereof.

Set out below are the names of all persons or companies who, to the knowledge of the Directors or executive officers of the Corporation, beneficially own, directly or indirectly, or exercise control or direction over, voting securities carrying more than 10% of the voting rights attached to all issued and outstanding securities of the Corporation:

Name	Number of Shares Beneficially Owned Directly or Indirectly,	Percentage Of Outstanding Voting Securities
Jerritt Canyon Canada Ltd. (100% controlled by First Majestic Silver Corp.)	12,000,000	13.4%
Coast Capital LLC	17,500,000	19.6%

**Notes:**

(1) First Majestic Silver Corp. acquired all of the assets of Jerritt Canyon Canada in April 2021 including the 12,000,000 shares held by Jerritt Canyon Canada. First Majestic Silver also has the right to acquire up to an additional 2,000,000 shares by virtue of holding 2,000,000 purchase warrants at an exercise price of \$0.090 per warrant expiring December 12, 2021 and an additional 2,500,000 shares by virtue of holding 2,500,000 purchase warrants at an exercise price of \$0.30 per warrant expiring August 21, 2022. Coast Capital LLC has the right to acquire up to an additional 8,750,000 shares by virtue of holding 8,750,000 purchase warrants at an exercise price of \$0.30 per warrant expiring Sept. 23, 2022.

**EXECUTIVE COMPENSATION AND REMUNERATION OF DIRECTORS**

**Compensation Discussion and Analysis**

***Introduction***

The purpose of this Compensation Discussion and Analysis ("CD&A") is to provide information about the Corporation's philosophy, objectives and processes regarding compensation for the President and Chief Executive Officer ("CEO"), the Chief Financial Officer ("CFO") and the Executive Vice President ("EVP") (each a "Named Executive Officer" or a "NEO" and collectively, the "Named Executive Officers" or "NEOs"). It explains how decisions regarding executive compensation are made and the reasoning behind these decisions and discusses the key elements of the Corporation's compensation program.

For the period ending December 31, 2020, the Corporation had the following Named Executive Officers:

- R. Kim Tyler – President and CEO;
- Christina Wu – CFO; and
- Terrence Byberg - EVP

***Compensation and Governance***

The Compensation and Governance Committee reviews compensation of peer groups and recommends the compensation to be paid or awarded to the Named Executive Officers of the Corporation to the Board. The Compensation and Governance Committee is composed of independent Directors nominated by the Board and reviewed annually. The 2020-2021 Compensation and Governance Committee consists of Gary Nassif (Chair) and Jonathan Hill.

**Objectives of Any Compensation Program or Strategy**

*Compensation Philosophy and Objectives of Compensation Programs*

The Board determines the compensation to be paid or awarded to the Named Executive Officers of the Corporation upon the recommendations of the Compensation and Governance Committee. The Board seeks to encourage advancement of exploration projects and growth in reserves, in order to enhance shareholder value. To achieve these objectives, the Corporation believes it is critical to create and maintain compensation programs that attract and retain committed, highly qualified personnel by providing appropriate rewards and incentives and

that align the interest of the officers of the Corporation with those of the shareholders to provide incentive to the officers to enhance shareholder value. However, as a junior exploration company the Corporation is constrained by the amount of capital it has available to it. This element was the primary focus of all compensation decisions in 2020.

In 2020, compensation for the Named Executive Officers consisted of the three elements: base salary, bonus, and long-term equity incentives. The following provides an overview of the elements of compensation.

Compensation Element	Type of Compensation	Name of Plan	Performance Period	Form of Payment
Base Salary	Annual - Fixed Pay	Salary Program	1 year	Cash
Bonus	Annual - Variable Pay	Employee Bonus Plan	1 year	Cash or shares
Long-Term Equity Incentives	Long Term Variable Pay	Stock Option Plan	up to 5 years	Stock options

### How the Corporation Determines the Amount for Each Element

As indicated above, executive compensation is the responsibility of the Board.

During the fiscal year ended December 31, 2020, the Board had 2 meetings dedicated to compensation.

The Board uses all the data available to ensure that the Corporation is maintaining a level of compensation that is both commensurate with the size of the Corporation and sufficient to retain personnel it considers essential to the success of the Corporation. In reviewing comparative data, the Board does not engage in benchmarking for the purpose of establishing compensation levels relative to any predetermined point. In the Board's view, external and third-party survey data provides an insight into external competitiveness, but it is not an appropriate single basis for establishing compensation levels. This is primarily due to the differences in the size of comparable companies and the lack of sufficient appropriate matches to provide statistical relevance.

In the process used by the Board to establish and adjust executive compensation levels, third-party survey data may be considered, along with an assessment of individual performance, experience and potential to contribute to operations and growth of the Corporation. However, the Corporation largely relies on Board discussion and familiarity with the Named Executive Officers without any formal objectives or criteria. The Board can exercise both positive and negative discretion in relation to the compensation awards and its allocation between cash and non-cash awards.

The Compensation and Governance Committee makes recommendations to the Board regarding total compensation to the Named Executive Officers of the Corporation (excluding the Chief Executive Officer), including base salaries, bonuses and long-term equity incentive grants. These recommendations are considered by the Board against information derived from publicly available information and adjusted, as applicable, for inflation and anticipated increases in the current year.

### Salary

Base salary represents the fixed element of the Named Executive Officer's cash compensation. The base salary reflects the Boards' consideration of each individual's level of responsibility, expertise, skills, knowledge and performance. Base salaries for the Named Executive Officers of the Corporation are reviewed annually by the Board.

In 2020, the Board increased the base salary amount for the CEO which had remained unchanged for the previous 3 years and initiated a base salary for the Executive Vice President who had not received any salary compensation whatsoever previously.

### ***Annual Cash Bonus Awards***

The Board has the authority, based upon management recommendations, to award discretionary annual bonuses to the executive officers. The annual discretionary bonuses are intended to compensate officers for achieving superior financial and operational results for the Corporation. The discretionary annual bonus may be paid in cash or shares in an amount reviewed with management and recommended by the Board and approved by the Board. The actual amount of bonus is determined following a review by the Board of each executive's individual role during the previous year.

Bonuses awarded by the Board are intended to be competitive with the market while rewarding senior executives for creating qualitative improvements in the Corporation's performance, including delivering near-term financial and operating results, developing long-term growth prospects, improving the efficiency and effectiveness of business operations and building a culture of teamwork focused on creating long-term shareholder value. Consistent with a flexible nature of the annual bonus program, the Board does not assign any specific weight to any particular element of performance nor is any specific weight assigned to a specific performance goal in the aggregate. The Board considers not only the Corporation's performance during the year, but also with respect to market and economic trends and forces, extraordinary internal and market-driven events, unanticipated developments and other extenuating circumstances. In sum, the Board analyzes the total mix of available information on a qualitative, rather than quantitative, basis in making bonus determinations. In Q2 of 2020 performance bonuses of 300,000 shares each were awarded to the CEO and the Executive VP for 2019 and 2018.

### ***Long-Term Incentive Programs***

The allocation of stock options and the terms designed in those options are an integral component of the compensation package of the senior officers of the Corporation. The Corporation has a stock option plan in place for the purpose of providing stock options to the officers. The Board believes that the grant of options to the executive officers and share ownership by such officers serves to motivate achievement of the Corporation's long-term strategic objectives and the result will benefit all shareholders of the Corporation. Stock options are awarded to employees of the Corporation by the Board based upon the recommendation of the Chief Executive Officer, who bases his decision upon the level of responsibility and contribution of the individuals toward the Corporation's ultimate goals and objectives. Also, the Board considers the overall number of stock options that are outstanding relative to the number of outstanding common shares of the Corporation in determining whether to make any new grants of stock options and the size of such grants. The granting of these specific options is reviewed by management for final recommendation to the Board for approval.

### ***Hedging Activities***

Although the Corporation has no formal hedging policy in place with respect to purchases of securities by NEOs or directors designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by such individuals, to the Corporation's knowledge, no NEO or director has hedged the economic value of his direct or indirect interests in the market value of the Common Shares so held or granted as compensation.

### ***Risk Assessment and Oversight***

The Board is keenly aware of the fact that compensation practices can have unintended risk consequences. The Board will continually review the Corporation's compensation policies to identify any practice that might encourage an employee to expose the Corporation to unacceptable risks. At the present time, the Board is satisfied that the current executive compensation program does not encourage the Corporation's executives to expose the business to inappropriate risk. The Board takes a conservative approach to executive compensation rewarding individuals for the success of the Corporation once that success has been demonstrated and incenting them to continue that success through the grant of long-term incentive awards. In addition, the Option Plan limits the number of options a particular NEO is entitled to receive.

### **Description of the Option Plan**

The Corporation has an Option Plan pursuant to which the Board may, from time to time, grant options to directors, officers, employees and consultants of the Corporation. The number of Common Shares granted under each option and the vesting terms thereof are in the discretion of the Board. Options granted under the Plan must have a term of no more than five years from the date of grant. The exercise price of each option granted under the Plan is in the discretion of the Board, provided that the exercise price cannot be below the closing price of the Common Shares on the TSX Venture Exchange (the "Exchange") on the last trading day before the date of grant. Any outstanding options granted under the Plan expire on a date not exceeding 90 days following the date that the holder ceases to be an officer, director, employee or consultant of the Corporation, as the case may be, except in the case of death in which case the options expire one year from the date of death. Options granted under the Plan are non-assignable and non-transferable. Outstanding options granted under the Plan may be adjusted in certain events, as to exercise price (subject to disinterested shareholder approval prior to any reduction to the exercise price if the affected optionee is an insider (as defined in the *Securities Act* (Alberta)) of the Corporation at the time of the proposed amendment) and number of Common Shares, to prevent dilution or enlargement. The number of Common Shares that may be optioned under the Plan is limited to 10% of the outstanding Common Shares from time to time; provided, that any one participant under the Option Plan shall not be entitled to receive options to acquire an aggregate of greater than 5% (2% in the case of consultants) of the outstanding Common Shares in any 12-month period.

As of December 31, 2020, 7,033,333 options (representing approximately 8% of the issued and outstanding options as at such date) were reserved for issuance pursuant to Options granted under the Plan.

### **Termination and Change of Control Benefits**

The Company has not entered into any employment agreements with any of its employees or consultants that provide for compensation on a change of control other than the President and CEO. The employment agreement with the President and CEO was renegotiated in the 3<sup>rd</sup> quarter of 2020 to allow compensation equalling six (6) months of annual compensation within 90 days following the occurrence of a "Good Reason" for termination

## Director Compensation

Director compensation for the Corporation's financial year ended December 31, 2020 was comprised of stock options under the Option Plan. Directors did not receive any fees for their attendance at meetings or any other form of compensation other than grants of Options. The following table sets forth all amounts of compensation provided to Directors who are not Named Executive Officers for the Corporation's most recently completed financial year ended December 31, 2020.

The Corporation has a compensation committee (the "Corporate Compensation and Governance Committee") and it consists of Gary Nassif and Jonathan Hill, each of whom is considered to be independent. The Corporate Compensation and Governance Committee, on behalf of the Board, reviews, structures, approves and recommends to the Board salary, bonus and/or other benefits, direct or indirect, and any change of control packages for the Chairman of the Board, the President, the CEO and other members of the senior management team deemed appropriate by the Corporate Compensation and Governance Committee.

In 2020, the Company had also initiated a process to seek funding opportunities for future exploration and growth (the "Special Committee"). The Special Committee's purpose was to lead the financing of the Company in a manner that will strengthen the Corporation's position. As the role of a special committee member was expected to be labour intensive and in consideration for serving on the Special Committee, until it concluded the members, subject to the determination of the board, were paid a fee distributed amongst the members. Having completed its mandate upon the successful completion of financings concluded in the fourth quarter, the Board subsequently voted to dissolve the Special Committee.

<b>10. Director Term Limits and Other Mechanisms of Board Renewal</b>	<p>The Corporation has not adopted term limits or other mechanisms to force a director to be removed from the Board of Directors. The Board of Directors believes that sustained leadership and intimate knowledge of the Corporation is an asset to the operations and the future of the Corporation.
